البحوث المنشورة

A Survey on Sybil Attack Detection in Vehicular Ad hoc Networks (VANET)

Zaid A. Abdulkader, Azizol Abdullah, Mohd Taufik Abdullah

Journal of Computers 29 (2), 1-6

LI-AODV: LIFETIME IMPROVING AODV ROUTING FOR DETECTING AND REMOVING BLACK-HOLE ATTACK FROM VANET.

ZA Abdulkader, A Abdullah, MT Abdullah, ZA Zukarnain

Journal of Theoretical & Applied Information Technology 95 (1)

Vehicular ad hoc networks and security issues: survey

ZA Abdulkader, A Abdullah, MT Abdullah, ZA Zukarnain

Modern Applied Science 11 (5), 30

Malicious node identification routing and protection mechanism for vehicular
ad-hoc network against various attacks

ZA Abdulkader, A Abdullah, MT Abdullah, ZA Zukarnain

International Journal of Networking and Virtual Organisations 19 (2-4), 153-175

A Secure IoT System Using Quantum Cryptography with Block Cipher

ZA Abdulkader

Journal of Applied Science and Engineering 24 (5), 771-776

Cloud Data Security Mechanism using the Lightweight Cryptography

ZA Abdulkader

Optik, 170084

Fingerprint Identification System Using Half Smoothing Filters

ZA Abdulkader

Webology 19 (1), 406-41

Academic title and certificate

Assistant Professor (Doctor) in computer Science

B.Sc in computer science - Al-Nahrain University 2000.

M.Sc in computer science / security in computer- Al-Nahrain University 2003.

Ph.D in computer science / security in computer- UPM University Malaysia 2018.

Dr. Zaid Ahmed Abdulkader

zaid.abdulkader@aliraqia.edu.iq

Skills

Languages:

Arabic(mother tong).

English.

Experience

Coordinator and lecturer assistant in Business Management department 2009.

Lecturer (Doctor) in Business Management department 2018.

Assistant Professor (Doctor) in Business Management department 2023.
